

INDIANA BICENTENNIAL COUNTY ACTIVATION AWARD RULES

Sponsored by:
The Hoosier DX and Contest Club

During the 2016 Indiana QSO Party (INQP) an amateur radio operator must operate from one or more of the 15 following current counties that were the 15 counties comprising the State of Indiana on December 11, 1816:

Clark, Dearborn, Franklin, Gibson, Harrison, Jackson, Jefferson, Knox, Orange, Perry, Posey, Switzerland, Warrick, Washington and Wayne.

A minimum of 25 QSOs are required to qualify for the award. The 25 QSO minimum is an aggregate from one or more of the 15 qualifying counties.

This applies to fixed, portable, rover and mobile stations that meet the above criteria.

As an example if a mobile operator travels through only two of the 15 counties during the 2016 INQP, makes 10 QSOs in one county and 15 in the second, the mobile operator qualifies for the award. The same applies to rovers.

No need to apply for the award. HDXCC will send an activation certificate to all operators that qualify based on the logs submitted for the 2016 INQP.

These rules and the certificate can be found on the HDXCC website
<http://www.hdxcc.org/inqp/index.html>.
